

Moving on Mental Health

PROGRESS REPORT: DECEMBER 2018

BRANT

Priority Completed:

Streamline Pathways to Service

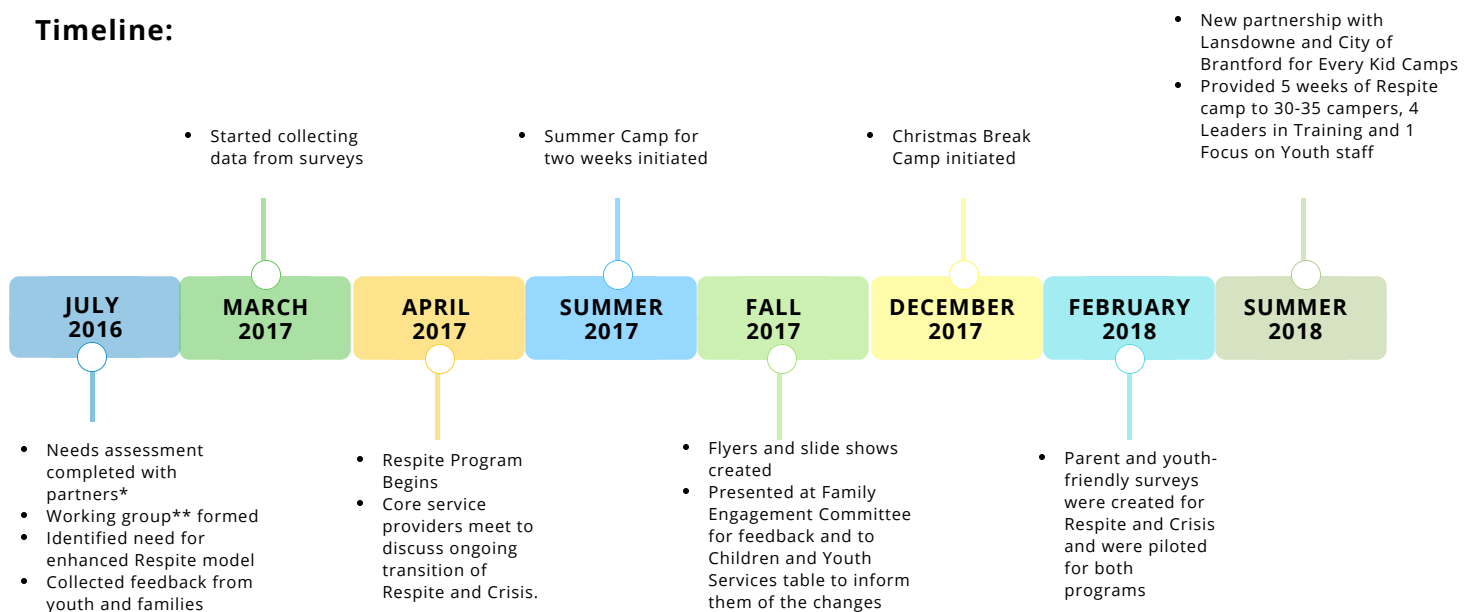

Implementation of Changes to Respite and Crisis Services

Respite for children and youth with mental health issues is a longstanding, documented community need and priority. Community partners, service providers, and families expressed concern of clarity as to where to obtain respite and crisis services. Previously, the respite service offered in Brant consisted solely of four 48-hour camps offered yearly.

Objectives:

- 1 To provide a clear pathway to crisis and respite services.
- 2 To develop and implement an enhanced respite model that is tailored to the needs of families in our community.
- 3 To create a small working group of service providers to implement all three deliverables.

Timeline:

* **Community Partners:** Woodview Mental Health & Autism Services, Contact Brant, St. Leonard's Community Services, Family Counselling Centre, Brant Family and Children's Services, Ganohkwasra, Brant Haldimand Norfolk Catholic District School Board, Ministry of Child, Community and Social Services

** **Working Group:** Woodview Mental Health & Autism Services, Contact Brant, St. Leonard's Community Services, and the Family Engagement Group

Types of Support:

Survey Results 2018:

It was so fun
and I like getting
new friends!

Respite has been very
beneficial to S and has given
me those few hours per week
to have a break from the
daily stress.

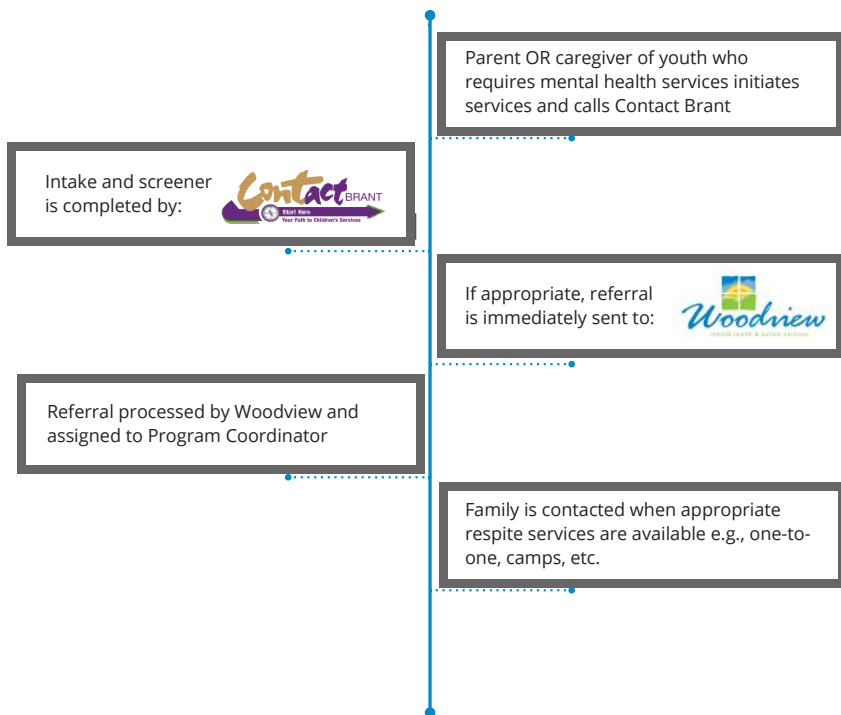

M had an amazing
time and the respite
helped me so much.
Thank you.

Great group, A
loved having the
Tuesday's of group to
learn, explore, adventure
and lots of activities.
Thank you all for
your wonderful
program.

I would like her to
attend camp next
year as well.

Best week ever.

Pathway to Respite Services:

2017-2018 Deliverables:

A communication plan will be developed to ensure staff, families, schools, and community partners are aware of services and pathways to service.

Fully implement the transition of all child and youth mental health crisis services to St. Leonard's Community Services and respite services to Woodview Mental Health and Autism Services.

Conduct user satisfaction surveys for respite services.

All deliverables have been completed.

We continue to work with our community partners, core service providers, and our committees on important priorities and are excited by the level of engagement and commitment.
