

# LEAP

# preschool

communication | social attention | imitation | play skills

LEAP preschool welcomes children aged 2.5 to 5 years of age who has autism or suspected autism. We'll help your child "leap" into successful first years of school by supporting them to develop:

- communication skills
- social attention skills
- imitation skills
- play skills

LEAP preschool is overseen by two Board Certified Behaviour Analysts who are trained at the advanced level of the Early Start Denver Model.
